

HOLIDAY OUTREACH

Washington University Medical Center
Redevelopment Corporation

Summary Report

2019

About the Holiday Outreach Program

OUR ANNUAL COMMUNITY OUTREACH INITIATIVE
ADMINISTERED BY THE WASHINGTON UNIVERSITY MEDICAL
CENTER REDEVELOPMENT CORPORATION. (WUMCRC)

With the help of generous donors and sponsors, we are able to provide gifts to children, essential household items to the elderly, and assist area families and individuals with utility and food assistance.

Participating departments of the Washington University School of Medicine and BJC HealthCare are matched with a local family to provide assistance with utility payments, grocery store gift cards and other items from their wishlist.

Who We Serve

EACH YEAR, WE REACH OUT TO NEIGHBORHOOD STAKEHOLDERS TO IDENTIFY LOCAL FAMILIES IN NEED AND DISTRIBUTE PROGRAM APPLICATIONS TO THEM.

Families participating in the program live in:

- Forest Park Southeast
- Central West End
- Tiffany
- Botanical Heights
- Fountain Park
- Lewis Place
- Vandeventer

Holiday Outreach Boundary 2019

Helping Close to Home

This program is a way to give back and aid in our mission of stabilizing the neighborhoods surrounding the medical campus.

This year, we were able to assist 39 local families through our Holiday Outreach program, plus 112 seniors through our Elderly Care Program.

How did we do it?

39 families and individuals were adopted by departments of the Washington University School of Medicine and BJC HealthCare.

We received \$16,140 in donations to help families in need with utility bill assistance and groceries through our Holiday Outreach program.

We delivered 112 Elderly Care Packages to low-income seniors.

With \$10,800 in donations to our Elderly Care program, we were able to provide each senior with household items and Schnucks gift cards.

A total of \$26,940 was donated by the wonderful members of our community to the Holiday Outreach and Elderly Care programs.

Thank you to our donors and partners!

Thank you to our partners for your contributions to this wonderful program and for helping us deliver gifts to our families and seniors!
