

West End / Visitation Park | April 2026

West End / Visitation Park | May 2026

1: Delmar DiviNe -- Phase 2

Status: Complete

Expected Completion: 2027

Development: A redevelopment of the shuttered St. Luke's Hospital into a mixed-use building that includes currently 150 apartment units and office space for various non-profits. The project will includes low rents and shared services to cater to the targeted tenants. The second phase of the project is due to start construction soon and will include 80 market-rate apartments, 20k sqft of office space, and a community event center.

Investment: \$125M+

4: 900 Hodiamont Avenue

Status: Under Construction

Expected Completion: Unknown

Development: The Cornerstone Community Development Corporation in the West End will receive \$234,376 to redevelop a warehouse at 900 Hodiamont Avenue. The long-vacant property is expected to become the Hodiamont Greenway's western trailhead. As of March 2026, construction has begun. As of June 2026 it's under construciton.

Investment: ~\$234K

2: Hodiamont Tracks Greenway

Status: Under Construction

Expected Completion: 2026

Development: Great Rivers Greenway proposes linking the St. Vincent Greenway with the Midtown neighborhood and the proposed Brickline Greenway through implementation of the Hodiamont Greenway. The trail would chiefly be built along Hodiamont ROW, a former rail line. Final plans and construction documents were published in February of 2024.

Construction begun in September 2025, and is on-going as of June 2026

Investment: \$1.9M

3: 5700 Block of Etzel

Status: Planned

Expected Completion: Unknown

Development: Three \$100K building permit applications were submitted for rehabs of properties on the 5700 block of Etzel Avenue. However, construction has not begun as of June 2026.

Investment: \$800K
